For the following partnerships, the Committee has corrected earlier attribution errors. The amended report now correctly reflects each partnership s contributions and the proper attribution to individual partners:

Cavanagh & O'Hara  
Rutter Mills LLP

For Jeffrey A. Breit, the Committee reattributed a portion to his spouse and refunded the remaining excessive amount.

For the partnership of Gold Bennett Cera & Sidener, LLP, the Committee has corrected an earlier attribution error and refunded the remaining excessive amount.

For Joshua Koskoff, the Committee redesignated a portion of his contribution to the general election, reattributed a portion to his spouse, and refunded the remaining excessive amount.

John G. Lancione and John Lancione are father and son, and thus neither has contributed an excessive amount for the primary election.

The amount of Hunter Lundy s contributions to the Committee was recorded incorrectly. The amendment to the report reflects the correct amount of Hunter Lundy s contributions to the Committee (\$2,300 to the primary and \$2,300 to the general), and the Committee reattributed a portion of these contributions to his spouse.

For Larry W. Morris, the Committee has attributed a portion of his contribution to the general election and refunded the remaining excessive amount.

Gilbert L. Purcell, Jr. contributed \$2,300 to the primary and \$2,300 to the general on March 13, 2007, while Gilbert L. Purcell, Sr. contributed \$2,300 to the primary election on March 29, 2007. Neither has contributed an excessive amount to the Committee.

The full amount of Stephen Susman s contributions to the Committee was inadvertently attributed to the general election. This error has been corrected and the amendment now reflects a maximum contribution to the primary and to the general elections.

### II. Election Cycle-to-Date Values

The Committee has reviewed the report and corrected any errors in the election cycle-to-date values. As a matter of policy, the Committee regularly analyzes contributor data for potential aggregation issues. All corrections are reflected in the amendment filed today, July 23, 2007.

### III. Description of Disbursements

The Committee has reviewed the report for unacceptable purposes and replaced any such entries with more detailed and accurate descriptions. As with cycle-to-date values, the Committee regularly reviews disbursement records to ensure each is described with an acceptable purpose. All corrections are reflected in the amendment filed today, July 23, 2007.

### IV. Staff Reimbursements

The Committee has reviewed the report and added memo entries under staff reimbursements where such detail is required. All corrections are reflected in the amendment filed today, July 23, 2007.
